

Monitor Your Plant Anytime, Anywhere.

with the
TANK TRACKER

by Stansteel | HOTMIX parts & service

We Make Your Plant Run Better.

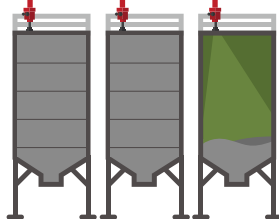

The Tank Tracker app allows you to monitor specific operations of your plant on the go.

The app functions on any smart phone and works seamlessly with the Stansteel/Hotmix Parts & Service Tank Management System. Now you don't have to be physically at the plant to know the status of your tanks and silos.

With the Tank Tracker app, you can:

- Observe tank and silo levels in real-time
- Keep track of important temperatures
- Monitor Hot Oil Heater vitals
- Instant error alerts
- Allow team access
- and more
